

HOW TO DOWNLOAD ZOOM

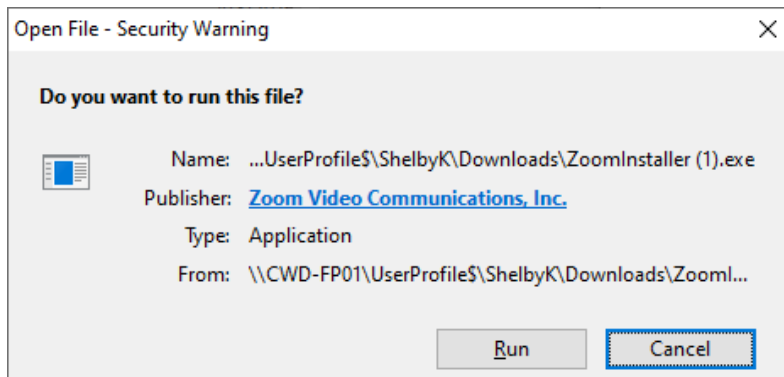

You can download Zoom to your desktop computer or mobile device. Download one of the options below before the meeting begins so joining the meeting is more streamline.

Zoom Desktop Client

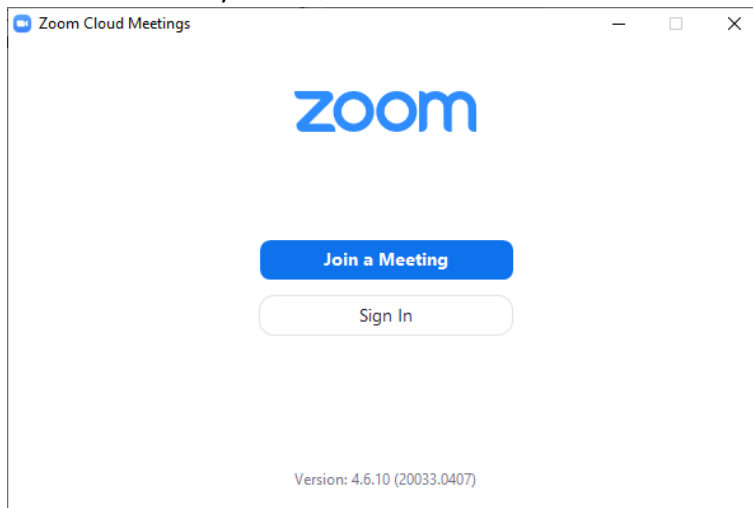

1. The web browser client will download automatically when you start or join your first Zoom meeting. It is also available for manual download.
2. [Click here to download](#)
3. An browser will open and install the Zoominstaller.exe

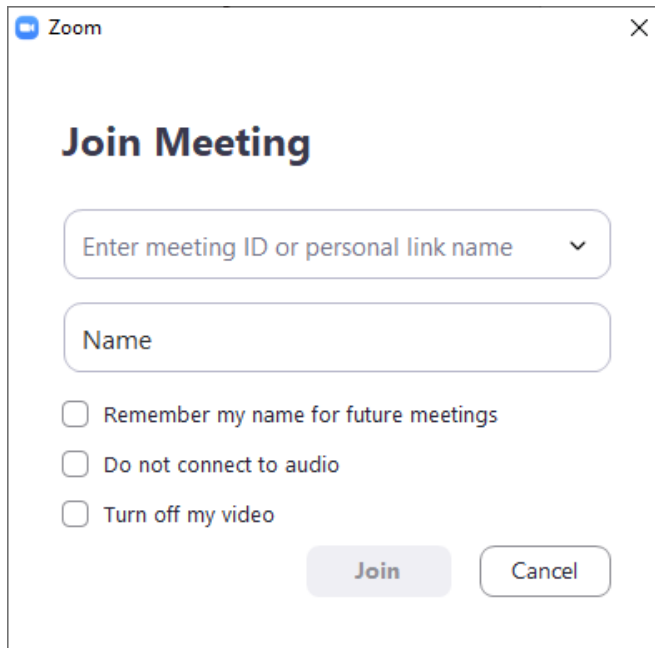

4. If it does not automatically open, click on it.
5. A window may open, select Run.

6. The next window you will see if shown below – select Join a Meeting.

7. Enter the Meeting ID shown on the Agenda, and your name. This is the name that will be called on for public comment.

The image shows a Zoom 'Join Meeting' dialog box. At the top left is the Zoom logo and a close button (X). The title 'Join Meeting' is centered. Below it is a text input field with the placeholder 'Enter meeting ID or personal link name' and a dropdown arrow. Underneath is another text input field labeled 'Name'. There are three checkboxes: 'Remember my name for future meetings', 'Do not connect to audio', and 'Turn off my video'. At the bottom are two buttons: 'Join' and 'Cancel'.

Mobile App

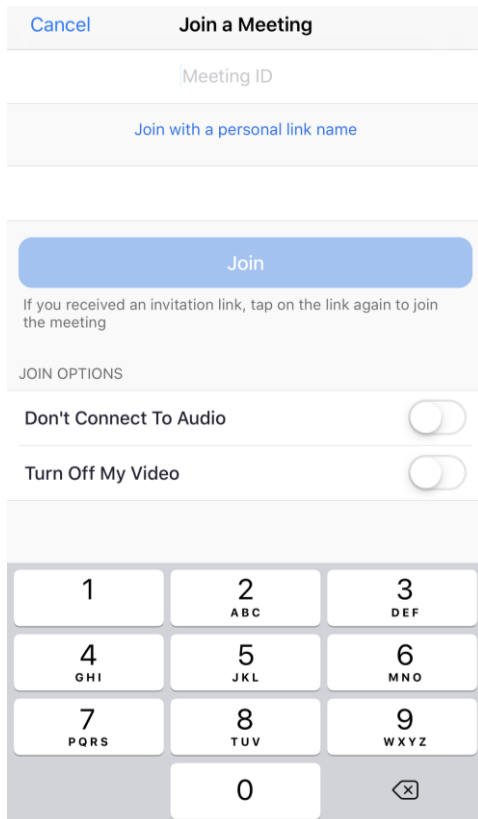

1. Download in either the Apple Store or Google Play
 - [Click here to download in Apple Store](#)
 - [Click here to download in Google Play](#)
2. If it does not automatically download, select GET

3. Select Join a Meeting

4. Enter the Meeting ID and Password and select Join Options (such as audio), then click Join
